FUEL INJECTOR KITS

CAT®

Dodge®

Ford®

Cummins®

& MORE...

With the exception of direct injected and carbureted vehicles, the vast majority of cars on the road today use electronic fuel injection systems that distribute fuel to the engine via electronically controlled fuel injectors...

MDP offers replacement seal kits for many diesel injectors, both external (installation) kits, and internal (rebuild seal kits). The offering includes, Caterpillar, Cummins, Detroit Diesel, Navistar (International), Ford, Dodge, Volvo, etc.!
